SUSTAINABILITY POLICY

Last updated: 1st December 2025

At Bray Foods, we recognise our responsibility to operate sustainably and reduce our environmental impact across all areas of the business. As a leading UK bakery supplier, we are committed to making environmentally responsible choices that support our customers, our communities, and the planet.

OUR COMMITMENT

Bray Foods is committed to:

- Minimising our environmental footprint across operations, logistics, packaging, and procurement
 - Reducing waste and improving resource efficiency
 - Working with responsible suppliers who share our environmental values
 - Complying with all relevant UK environmental legislation and industry standards
 - Continuously reviewing and improving our sustainability practices
-

RESPONSIBLE SOURCING

We work closely with suppliers who demonstrate strong environmental, ethical, and social responsibility.

Our expectations include:

- Sustainable ingredient sourcing where possible
- Minimising energy use, water use and waste in production
- Reducing reliance on non-recyclable packaging
- Ethical labour practices and transparent supply chains

Where risks are identified, we engage with suppliers to drive improvements.

WASTE REDUCTION & RESOURCE EFFICIENCY

Bray Foods is committed to reducing waste at every stage of our operations by:

- Optimising stock management to minimise food waste
 - Encouraging recycling and responsible waste disposal
 - Choosing packaging materials that are recyclable or reduce environmental impact
 - Monitoring energy and water usage and improving efficiency where possible
-

TRANSPORT & LOGISTICS

We strive to reduce the environmental impact of our delivery operations by:

- Planning transport routes efficiently
- Reducing unnecessary journeys
- Working with logistics partners who are improving fuel efficiency and reducing emissions

SUSTAINABILITY POLICY

PACKAGING & MATERIALS

We aim to:

- Use recyclable materials wherever practical
 - Minimise unnecessary packaging
 - Continuously evaluate packaging options to reduce environmental impact
 - Work with suppliers who are developing more sustainable solutions
-

EMPLOYEE RESPONSIBILITY & AWARENESS

All employees are encouraged to support sustainable practices by:

- Reducing energy and resource use in daily operations
 - Following internal recycling and waste-management procedures
 - Identifying opportunities for environmental improvements
 - Taking part in training and awareness activities
-

CONTINUOUS IMPROVEMENT

Sustainability is an ongoing commitment. Bray Foods will:

- Review this policy annually
- Monitor performance and set achievable environmental goals
- Adapt to new legislation, innovations and best-practice standards
- Work collaboratively across the supply chain to improve environmental impact
